From the Membership Committee:

A strong membership in the Fay Club is the cornerstone to camaraderie and diversity of ideas and occupations. Strong membership numbers enhance our ability to put on a variety of well-attended social events and provides the economic strength to make needed capital improvements to the club house.

The best source of new members is the club's membership itself. The membership committee encourages you to consider your friends and acquaintances for membership. Many individuals in Fitchburg and surrounding communities have significant misconceptions about The Fay Club and the pleasure that membership in the club can bring. Please refer your friends to John Bogdasarian, Chairman of the Membership Committee, or to Janelle McEachern, Fay Club Manager, with any questions that they may have.

As a special incentive, a \$250.00 food credit will be applied to your account for each new member that you recruit.
